File No 5367/2 of 194 — General and Revenue Secretariat

Serial No

appears to be easily high & capable
of reduction. Even in a Co-operative Society
a salesman who sells Rs 30-000 to Rs 40000
worth of things a month is not paid
more than Rs 20 to 25 a month, not
to mention business shops ____

5 The scope of I. Defect is not clear.
In the reduction something is said of
measurement not being made of large
bulk of things purchased. This is on the
face of it an indefensible proportion.
However, there may be some small drage
in respect of the grains. For this purpose
½. I may perhaps quite do

6 It is for orders of half of the total overhead
charges may not be met from Mt Funds
& the other half added to the selling prices,
the being left to the option of the Mt Cl
to debit the whole to their funds if & when
they could reduce the charges to Rs 25 a month
from Rs 50 now said to be incurred. Half I drage
may perhaps be allowed

7 Rev & Ind Branches (para Contd) may be Considered
Here - no information on the prices adopted in the depôt

Ch 18/8/42 Reference is also required to Mr Gopalaswami Iyengars views in his Proceedings.

Q This is merely a municipal concern It has been started with effect from 15-1-1942 and experience has yet to be gained in its working Hence a period of at least six months is necessary to judge the results Hence the proposals of the Rd be

(1) to maintain an establishment of one salesman on Rs 35/p.m. & two measurers on Rs 10/ each p.m. & (2) to meet the charges on account of the above & the contingent charges and (3) to allow 1% deficit on account of drafe or shortage in measurement which may perhaps be sanctioned for a period of six months in the first instance & a report called for before the end of June 1942 & the question of the scale of establishment & charges to be incurred thereafter may be considered and decided on receipt of the said report

SIR

"A"

Adverting to Government Order No L 61879-81/M1 146-41-2 dated 20th January 1942 sanctioning an advance of Rs 20,000/- for opening grain depots in the City, I have the honour to state that

1 One Salesman on Rs 30/- per month)
2 Two measurers on Rs 10/- each p m)

a municipal grain depot has been opened in the City New Market from 15th January 1942 with the marginally-noted establishment and it has been working on satisfactorily ever since In this connection, the Council had constituted a standing committee for the working of the Depot, but as it was subsequently found that it was not necessary to have the Standing Committee, the Municipal Council, at their meeting held on 25th February 1942 resolved that the said Committee be dissolved

It was also resolved thereat that the establishment and the contingent charges should be met out of the municipal funds for the reasons set forth in the resolution and not to be included in the sale price

A copy of the resolution of the Council referred to is -- enclosed herein for favour of perusal

I request that orders of Government may be kindly obtained in the matter of sanctioning the marginally-noted establishment from 15th January 1942 and the charges in this respect as well

as those of contingent nature on this account to be met out of the general municipal funds, the same being not included in the sale price Orders are also solicited in the matter of allowing 1% deficit as per resolution of the Council

Re. the opening of two more depots, the question will be examined further and a report submitted in due course

I have the honour to be,
Sir,
Your most obedient servant,

Forwarded with compliments,

Honorary President

Municipal Commissioner

Urgent Addl Subject No 1 -

Proceedings of the Standing Committee meetings and Purchase Committee meetings in connection with the cheap grain depots and to approve of the opening of two cheap grain depots one at Malleswaram and another at Taramandalpet Market

===

1 Mr M K Narayana Iyengar observed that it was not necessary to have the Standing Committee constituted in connection with the opening of grain depots any longer since the depots was working quite satisfactorily and suggested that the Committee be dissolved and the Executive authorised to work the depot

Mr V K Govindarajulu seconded the above suggestion and Mr H C Suryanarayana Rao supporting it moved "That since the grain depot had been working satisfactorily for the past several months, the Executive be authorised to run in future this depot and several other depots to be opened in future, and that the Standing Committee be dissolved This Council further resolves to place on record its thanks to the members of the Standing -- Committee for their valuable services to the Municipality "

Mr L S Raju seconded the above and it was passed unanimously

Then the Commissioner's proposals re establishment charges in connection with the running of the depot were taken up

(a) Establishment connected with the depot, as per the Commissioner's note

Resolution - Sanctioned

(b) Establishment charges Re this, the Commissioner informed the House that it was not clear whether this will have to be included in the sale price or not

Many of the members were of opinion that since they had opened the depot not with a view to make profit but to help the poor, it was but right that a portion of the burden should be borne by the Municipality and said that these charges might be met out of municipal funds and not added on to the sale price

Mr M A Gopalaswami Iyengar opposed the above idea and said that the opening of such depots was not the duty of the Municipality till there was actually a famine or the circumstances were so acute, that now there was no such urgency for opening of such depots and hence any costs incurred in that connection should be debited to the price and not to municipal funds He also said that they had not made any provision in the budget for this extra expenditure and it would be difficult for them to meet the same

Mr W H Hanumanthappa opposed Mr M A Gopalaswami Iyengar and said that since the object with which the depot was opened was to help the poor, the Council also should take a portion of the burden and share the costs

Resolution - Establishment charges need not be included in the sale price but should be met out of municipal funds

(c) Deficit in quantity Some of the members observed that since they were purchasing the articles after measuring them, there would be no deficit but the Commissioner -- informed the House that since they were purchasing in

in large xxxxxxx quantities, it might not be possible to measure every bag and hence some little percentage should be allowed for this deficit

Resolution - One percent is allowed for deficit

(d) Municipal Officer being in charge Settled as per resolution moved by Mr H C Suryanarayana Rao

(e) Cost of contingencies, etc , to which fund to be debited Resolution to be paid out of municipal funds

(f) Opening of two more depots
Resolution - Left to the discretion of the Officer

SD K HANUMANTHAIYA,
Honorary President
